Liberal Democrats

# *A stronger party starts with its members.*

I want to help build a stronger, more connected Liberal Democrat party across our region – one where every local party and every member has a voice, wherever they are.

Drawing on my experience in local party communications, grassroots sport, media, youth work and volunteer coordination, I want to help bring people together and turn enthusiasm into action.

DON'T JUST RECRUIT MEMBERS
GIVE THEM A REASON TO BELONG!

**MY PRIORITIES**

Grow our membership – reaching communities beyond our traditional strongholds.
Give members a voice – making sure people feel heard and involved in shaping our future.
Make membership mean something – creating opportunities to participate, share ideas and develop new skills.
Support every local party – sharing experience, celebrating success and recognising local challenges.
Prepare for the future – building the foundations now for the opportunities and challenges of the 2030s.
