

Vote Fiona Shreeve for Eastern Region Executive

I am an Executive Member of East Suffolk Liberal Democrats covering an area from Felixstowe in the south up through Woodbridge, Aldeburgh and Southwold to Lowestoft in the North.
For some time, Lowestoft was viewed as unlikely to become a hot bed of Liberalism but with hard work we now have a growing and enthusiastic group here who want to build activism, our vote and stand and win in elections.

As a region we need to consider the opportunities left behind communities like Lowestoft can provide and as an exec member I would seek to bring those issues, opinions and enthusiasm to our Regional Exec. Currently East Suffolk Local Party has 8 councillors running our district council in coalition with the Green party. I would like to continue to grow our councillors here.

As a current member of the Eastern Region Executive, I wish to take a greater part in developing our area and I'm willing to take on other roles as well as being a candidate in elections.
