

Vote Fiona Shreeve for Candidates Committee

As a current member of the Regional Exec I would like to increase my commitment to the party by joining the Candidates Committee.

As an Executive member of East Suffolk Local Party we have 8 councillors working in coalition with the Green Party to lead the council and with hard work and effort we also now have an enthusiastic group of members in Lowestoft (a left behind Coastal Town). With this group keen to stand and win in the forthcoming district elections being a member of the regional candidates committee will enable me to expand my knowledge and bring a useful connection with similar locations that I feel sure would be helpful.
