Liberal Democrats

EAST OF ENGLAND REGIONAL ELECTIONS

Jakub Makowski

for Conference Committee

About Jakub

Jakub has been a member of the Liberal Democrats for over 10 years and is the current treasurer of East of England Liberal Democrats. Previously he has been active in the party across East of England and London, serving as Vice Chair of his local party twice, and currently serves on the Conference Committee.

Jakub's plan for the Regional Conference

1 Continue to professionalise Conference

Over the last two years the Regional Conference has gone from strength to strength, with a more diverse array of speakers, panels and topics covered. I am committed to continuing and expanding on that effort.

2 Ensure the event is accessible to all members

The Regional Conference should be accessible to members from all backgrounds. This year we have made it more accessible for Young Liberals, and I am committed to building on this and further increasing the diversity of Regional Conference.

3 Increase fundraising activity around Conference

As this is the key and largest event that the Region holds on an annual basis, it should be central to the Region's fundraising strategy. As the sitting treasurer, I will utilise the synergy between that role and a seat on the Conference Committee to increase our fundraising activity and put more money into getting Lib Dems elected.

ENDORSEMENT

"Jakub has made an amazing difference to the finances of the Regional Party since taking office as Treasurer only a few months ago. I'm delighted to support him for the Conference Committee where he can bring his undoubted skills to bear on another important aspect of the Regional Party."

Chris White, Chair, East of England Liberal Democrats
