

# Vote John Shreeve for two regional committees, Regional Exec & Regional Development

We exist to win; how else can we deliver! but for most of us as we fight to keep our local parties afloat the notion of running winning campaigns comes a long way behind finding a Chair and Treasurer just to stay alive.

Parties like us feel abandoned in the noise and demands of campaigns that others win. Its time then that regionally our mind set moved from the immediate to the longer-term, to prioritise foundations based on values that 'the only just alive' can use to grow. To move the problem forward I need your help to be elected to both committees. Winning follows preparation, failing to prepare is to prepare to fail. With determined regional support, resources and leadership who knows what we might achieve. Either way the clock is ticking,
