

Kevin Keable

The serious choice to take on Reform, and win.

♦ About Kevin:

From childhood days on the River Waveney and the rugby pitch at Beccles RUFC, to an engineering apprenticeship in Great Yarmouth and championing Norfolk and Suffolk's future as Chair of East of England Energy Group, this region is in Kevin's blood.

Born and raised in Beccles, and now near Norwich, Kevin's story is woven into the fabric of Norfolk and Suffolk. It's where he grew up, it's where his children grew up, and it's where he's determined to fight for a brighter, better future.

Born and raised
in Beccles

♦ Kevin's plan:

Kevin will centre his campaign on his vision of building a "thriving Norfolk and Suffolk for everyone", where no-one is left behind.

This includes **making Norfolk and Suffolk a clean energy superpower**, creating thousands of well-paid jobs for local people. It includes **overhauling rural bus services**, enabling people to get around easily.

And it includes **investing heavily in education and skills**, so that everyone can benefit from the jobs being created here.

♦ Can our party win?

Absolutely! Yes. And with Reform UK on the rise, it's a fight we must win.

Kevin has the contacts to raise the six-figure sum needed to ensure our message reaches people, and **helps every local party grow** by gaining new members and mobilising more people to get involved.
